

SANAN YUSIBOV

Student

Hello! I'm Sanan,

Currently i'm working as Teacher at STEP IT Academy.

We teach children to develop Internet sites, simulate and program robots, create their own games and programs, animate characters, work safely with search engines, and take photos and videos.

Baku, Azerbaijan

18.08.1999

EXPERIENCE

09.2018 - present

STEP IT Academy

Teacher of JCA Department

EDUCATION

09.2011 - 05.2016

"Ankara-lisey" School

09.2016 - present

UFAZ: French-Azerbaijani University

Student in the Faculty of Chemical engineering at French-Azerbaijani University

09.2016 - present

Université de Strasbourg

Student in the Faculty of Chemical engineering at Université de Strasbourg

09.2016 - present

ADNSU: Azərbaycan Dövlət Neft və Sənaye universiteti

Student in the Faculty of Chemical engineering at "Azərbaycan Dövlət Neft və Sənaye universiteti"

07.2017 - present

STEP IT Academy

Student in the Faculty of Software Development STEP IT Academy

PERSONALITY

✓ Self-motivation

✓ Adaptability

✓ Team-work

✓ Time-management

✓ Teaching

LANGUAGES

English

French

Russian

Azerbaijani

ADDITIONAL ACTIVITIES

05.2018 - 05.2018

ActInSpace Project

Electromagnetic Wave Vibrations to measure temperature. The goal of the project was to find the application and design of a thermometer that measures temperature with the help of electromagnetic waves within 24 hours.

01.2018 - 08.2018

CanSat Competition

The goal of the project was to build a small satellite based on the Arduino Microcontroller that sent every second to our station the data of all sensors that we further processed.

10.2016 - 05.2017

Society of Petroleum Engineers (SPE)

Active Member of SPE

10.2016 - 05.2017

European Association of Geoscientists & Engineers (EAGE)

Active Member of EAGE

SOFTWARE SKILLS

Microsoft Word

Microsoft Excel
